

## Summit UCS Client

# Collaborate and listen

The Vertical Summit Unified Communications Solution (UCS) Client gives you the tools you need to communicate and collaborate with customers more quickly and effectively, from your desktop or smartphone.

Integrated directly in both the Vertical Summit™ and Vertical Summit™ 800 communications platforms, UCS Desktop, UCS Desktop with Voice and UCS Mobile clients give you automatic access to the system's sophisticated multimedia capabilities and rich voice features, as well as a wide range of video, text and messaging capabilities via an intuitive graphical user interface (GUI) that's easy to use and can be customized to fit the needs of individual users.

The Summit UCS Client is available in a Standard or Premium version to best suit the size and specific communications needs of your business.

### Summit UCS Desktop Client

Features	Standard	Premium*
Presence	√	√
